4. On account of this litigation, Puja in this temple has been discontinued. The Deputy Commissioner now sends up proposals for revival of Puja after Samprotchane' &c.

5. The Deputy Commissioner's proposals to revive Puja after getting Samprotchane performed at the cost of the villagers and to appoint as archak one Narasimha Bhatka, a nominee of the deceased archak Sreenivasa Bhatkas widow Rangamma, are approved.

6. Considering the history of the case, Government would not give back any of the lands to the archak. As however, the Deputy Commissioner's recommendation is only for a period of three years, Government approve of his proposals to make over to the archak the dry lands and 2 acres ten guntas of wet land on condition of his bearing the daily neivedya

and lighting expenses. The proposal of giving a cash remuneration also of Rs 5/- per month to the anchak is approved. The Deputy Commr should so revise the proposals three years hence as to have Rs 5/- all the lands under Government management, separate allotments should be made for daily Neiv'e dza, lighting and other charges.

7 The records show that the 8 acres and 4 guntas of wet lands retained under Government management will yield about 72 pallas of paddy worth not less than Rs 324/-. In these circumstances the scale of expenditure as recommended by the Deputy Commissioner is also approved tentatively.

8. Effect will be given to this order from the 1st of January 1907. The amount of Rs 2350-0-5 reported to be deposited in the Government Savings Bank should be withdrawn and credited to the Muzrai Funds of the Institution. If no portion of this is likely to be wanted for expenditure, steps will be

Letter No 122, dated 17th September 1908, from the Deputy Commissioner, Mysore District. In submitting herewith the accompanying file of papers relating to the affairs of the Sri Chennigarayaswami temple at Hadinaru in the Nanjangud Taluk, I have the honor to state as follows.—

2 In connection with the alienation of certain temple lands by the Archak (Srinivasa Bhatta) of the Sri Chennigarayaswami temple in the said village and the resumption of the Inam lands, the puja in the said temple has been stopped for the past many years.

3. The Sub-Division Officer solicits orders on the 5 following points *viz*

- (1) For the revival of puja after Samprokshane, the cost of Samprokshane being met by the devotees
- (2) For the Barawaid being made out in the name of Narasimha Bhatta who is reported to be the adopted son of Rangamma, wife of the deceased Archak Srinivasa Bhatta.
- (3) For the restoration of certain lands belonging to the temple
- (4) For fixing a scale of expenditure tentatively
- (5) For the appointment of Dharmadasis

4 As regards the 1st point, I beg to state that as the devotees are very anxious to revive puja and bear the cost of Samprokshane themselves, I have issued orders to the Amildar to revive puja after the necessary Samprokshane by the devotees.

5. With reference to the 2nd and 3rd points, the Amildar states that the Baraward Archak is dead and that the Archak hukdar (the deceased Archak's wife) who has been asking for the restoration of the Inam lands as she has paid the Court costs, does not deserve any lenient treatment as she alienated the temple property and put Government to unnecessary trouble and expense to get back the lands; but in consideration of the fact that she borrowed money for payment of contribution and for rendering the temple land fit for wet cultivation, that she derived little or no profit from the lands since they were resumed soon after their improvement and that she has still some debt outstanding, he is of opinion that her peculiarly hard case is deserving of favourable consideration.

6. He further states that he has satisfied himself by personal enquiry on the spot that she has been living from hand to mouth having no other means to clear her debt. Though he is not in favour of the complete restoration of the Inam lands as shown below, yet he recommends that the wet lands measuring 2 acres and 10 guntas, assessed at Rs 13-0-0 and 4 dry lands measuring 10 acres and 39 guntas, assessed at Rs 12, may be ordered to be restored to her so as to enable her to repay the debt and to arrange for daily Neivedya out of the income of the said Inam lands. As the expected income will be hardly sufficient to maintain herself and to meet the above requirements, he proposes that she may be paid Rs. 5 per mensem.

10 The Amildar requests that the aforesaid whole scheme may be sanctioned as a tentative measure for three years

11 Under the foregoing circumstances, the above recommendation may be sanctioned tentatively for a period of three years, after which date fresh proposals if necessary will be submitted to Government

12 The whole of the Gutta amount, *viz*, Rs 1,355-4-0, outstanding for many years are reported to have been recovered and deposited in the Savings Bank Account No 534 in the name of the temple

No. 393-4—MUZ. 140-08-2, DATED BANGALORE, 9TH DECEMBER 1908.

ORDER THEREON.—The Chennigarayaswami temple at Hadinaru in the Nanjangud Taluk is a Muzrai Institution with an annual cash grant of Rs. 7-4-0. The temple was in possession of some lands which at the Inam Settlement of 1882 were declared not to be Inam. Thereupon the lands were fully assessed and the patta was on behalf of the temple made out in the name of Srinivasa Bhatta the Archak.

2. About 10 acres out of these dry lands having become irrigable by the Rampur Channel, the Archak wanted to claim the lands as his own; and the Government in their order No 750, M F. 163-92, dated 1st May 1893, directed that a suit be instituted on behalf of the temple for cancellation of the alienation of these lands made by the Archak and for the possession thereof with mesne profit.

3 A suit was accordingly filed and all the Courts decided in favour of the temple. Rs 97-12-11 were awarded as costs though Government had actually to spend Rs 293-8-9 on behalf of the temple. Government have been in possession of the lands, and the costs awarded have only been recently recovered.

4 On account of this litigation, puja in this temple has been discontinued. The Deputy Commissioner now sends up proposals for revival of puja after Samprokshane, etc

5 The Deputy Commissioner's proposals to revive puja after getting Samprokshane performed at the cost of the villagers and to appoint as Archak one Narasimha Bhatta's nominee of the deceased Archak Srinivasa Bhatta's widow Rangamma are approved

6 Considering the history of the case, Government would not give back any of the lands to the Archak. As however, the Deputy Commissioner's recommendation is only for a period of three years, Government approve of his proposal to make over to the Archak the dry lands and 2 acres 10 guntas of wet land on condition of his bearing the daily Neivedya and lighting expenses. The proposal

of giving a cash remuneration also Rs. 5 per month to the Archak is approved. The Deputy Commissioner should so revise the proposals three years hence as to keep all the lands under Government management, separate allotments being made for daily Neivedya, lighting and other charges.

7. The records show that the 8 acres and 4 guntas of wet lands retained under Government management will yield about 72 pallas of paddy worth not less than Rs. 324. In these circumstances the scale of expenditure as recommended by the Deputy Commissioner is also approved tentatively.

8. Effect will be given to this order from the 1st of January 1909. The amount of Rs. 2,350-0-5 reported to be deposited in the Government Savings Bank should be withdrawn and credited to the Muzrai Funds of the institution. If no portion of this is likely to be wanted for expenditure, steps will be taken to invest the amount in securities. The current year's produce due to the temple should also be recovered at once and sold and the proceeds credited to the temple funds.

9. A notification appointing Dhamadarsis will be issued separately.
